Increase health care compliance

reduce your liability risk

Take control of the health care program in YOUR facility!

CMLC offers an innovative, affordable approach to health care compliance in county jails and juvenile detention centers of any size. At no cost to you, CMLC will come onsite to learn about your needs and discuss pricing options.

Services offered “ala-carte” to meet your needs and budget

On-site service audits with recommended action plans and progress reports

Contract compliance audits for vendor managed facilities

Medical-Legal Nurse Consultation and expert testimony

Policy and procedure writing

Collaborative meetings with local hospitals and law enforcement agencies

Correctional health care training for officers and nurses

Remote documentation reviews for facilities with electronic health records

Preparation for ACA and NCCHC accreditation surveys

24 hour on-call services to assist with unusual medical situations

Help with securing grant funds

Interpretive guidance with scope of practice and regulatory standards

Independently owned and operated, CMLC's *VISION* is for jails of all sizes to have the ability to provide quality healthcare. CMLC believes this goal can be accomplished through a program of ongoing training, support, and monitoring. CMLC's *MISSION* is to offer a hands-on, affordable approach to enhancing health care for the incarcerated population, thereby reducing the risk of liability for the facility and its personnel.
